

UNITED STATES NAVY

MEDICAL NEWS LETTER

Editor - Captain L. B. Marshall, MC, USN

Volume 20, Numbers 1-12
25 July through 26 December 1952

INDEX

- ABDOMINAL HERNIA; repair of with steel cloth implant, 12:7
- Acanthocytosis, 1:10
- Acne
cystic, kutapressin in, 9:24
cystic, vulgaris, kutapressin in, 1:11
- Acrylics, self-curing, in immediate prosthetic repairs and temporary bridgework, 11:20
- ACTH
in severe burns, relationship to skin grafting, 2:17
in frostbite, 5:15
intravenous, in allergic diseases, 12:11
- Adrenocorticotrophic hormone, *see* ACTH
- Aero Medical Association, 9:25
- Air evacuation, Navy, 8:33
- Air pollution, 12:17
- Alcohol, wood, poisoning, 9:12
- Allergy
of inner ear, 3:14
intravenous ACTH in, 12:11
- Amalgam, dental, 9:23
- Amenorrhea, low-dosage irradiation in, 12:13
- Amputation stumps, split-thickness skin grafting of, 7:6
- Anemia, aplastic, fatal, following chloramphenicol therapy, 2:2
- Anesthesia
intravenous, in obstetric and gynecologic surgery, 10:13
succinylcholine, 2:16; 10:14
transtracheal, complications following, 2:12
- Angina pectoris, khellin in, 5:7
- Antibiotics. *See also* under individual headings
in chronic suppurative of middle ear and mastoid, 5:22
and fungicides in infected pulpless tooth, 6:24
in tuberculous meningitis, 1:9
- Antifertility factor, new, 9:2
- Aortic septal defect, surgical closure of, 1:3
- Aphasia, new method of communication in, 5:5
- Apresoline and hexamethonium, 12:25
- Aptitude Board actions at Recruit Training Centers, 1951, 1:18
- Arterial ligations in advanced portal cirrhosis, 4:12
- Arthritis
degenerative, in aging, 8:19
rheumatoid, butazolidin in, 3:8
- Artificial kidney, effectiveness of, 11:22
- Artificial respiration, publications on, 9:36
- Ascorbic acid and menadione bisulfite in nausea and vomiting of pregnancy, 6:22
- Asthma, intrinsic, 9:8
- Athletes, serious recurrent injuries of, 9:15
- Aureomycin with dihydrostreptomycin in brucellosis, 1:16
- Autonomic nervous system, surgery of, 3:17
- Autopsy: precautions to be observed following use of radioisotopes, 5:24
- Aviation Cadet Selection Tests, errors in scoring, 3:39
- Aviation medical acceleration laboratory, 3:23
- Aviation medicine
operational, 3:33
Reserve aviator, 12:32
- Aviation Medicine Division, 3:33; 8:33; 12:32
- BACITRACIN, *see* Polymyxin-bacitracin
- Ballistocardiography, clinical, in office practice, 1:7
- Bankart operation for recurrent shoulder dislocation, exercises following, 2:12
- Banthine bromide in infantile colic and vomiting, 1:6
- Barbiturate intoxication, 5:2
- Benemid (Probenecid) in para-aminosalicylic acid concentrations in blood, 4:6
- Bladder
carcinoma of, 8:16
malakoplakia of, 11:24
- Blood
derivatives
gamma globulin in prevention of acute anterior poliomyelitis, 12:21
plasma, gelatin, serum albumin; blood volume expansion produced by, 12:21
eosinopenic response in acute infections, 4:8
grouping tests; method for training civilians in, 8:9
para-aminosalicylic acid concentrations, probenecid (benemid) in, 4:6
red cell mass in rheumatoid disease, 1:12
replacement and gastric resection for massively bleeding peptic ulcer, 9:14
survival of transfused red cells in the frozen state, 8:2
volume expansion produced by gelatin, serum albumin, and plasma, 12:21
shock in botulism treated with dextran and, 9:9
- Botulism, shock in, treated with dextran and blood, 9:9
- Boxing
occupational hazards of, 7:8
resilient plastic interdental splint, 9:22
- British National Health Service, 10:7
- Bronchogenic carcinoma "untreated", 9:18
- Brucellosis, aureomycin or terramycin combined with dihydrostreptomycin in, 1:16
- Burns
of eye and adnexa, 6:16
ACTH in, relationship to skin grafting, 2:17
Butazolidin in rheumatoid disorders, 3:8
- CAA CERTIFICATES, 12:39
- Cadmium poisoning, 11:39
- Cancer
of hands, roentgen ray, in dentists, 4:10
pulmonary, cytologic smears in, 12:9
thyroid, treatment with radioactive iodine, 4:2
triethylene melamine in, 9:17
- Carbon monoxide poisoning, 11:23
- Carbon tetrachloride poisoning, 3:15
- Carcinoma
of bladder, 8:16
bronchogenic, "untreated", 9:18
of hypopharynx, larynx, and upper esophagus, surgical treatment of, 7:7
- Cardiac arrest, 6:8
- Cardiovascular disease, abuses of low-sodium diet in, 4:4
- Cataract, nonsurgical treatment, 7:25
- Central nervous system
intraspinous tumors resembling anterior poliomyelitis, 7:21

NOTE: Figures indicate number and page of volume 20. For example: ABDOMINAL HERNIA: repair of with steel cloth implant, 12:7, indicates that this item will be found on page 7 of number 12.

- Central nervous system (continued)
 melanoma of spinal cord, 5:18
 torular meningo-encephalitis, 3:7
 Centrifuge, indoctrination, 3:37
 Cesarean section, postmortem, 4:17
 Chemical warfare, chief characteristics of nerve gas, 7:3
 Chest, war wounds of, 11:14
 Chloramphenicol, fatal aplastic anemia following administration of, 2:2
 Chlordane
 poisoning, 9:36
 use of, 4:35
 Circular Letters
 52-51--Medical Department funds for ships, Fiscal Year 1953, 1:25
 52-52--Health Record cover (NavMed H-1); revision in size of, 1:28
 52-53--Air transportation by Military Air Transport Service aircraft for dependents in patient status, 1:29
 52-54--Allotment and project order accounting at shore activities, 1:30
 52-55--U. S. Navy Aviation Cadet Selection Tests; policy regarding retesting, 1:31
 52-56--Object and subobject classification of Medical Department appropriational estimates, obligations, and expenditures, 1:31
 52-57--Hospitalization and subsistence rates for fiscal year 1953, 2:28
 52-58--Publication of research reports and professional papers, 2:28
 52-59--NavMed-36, Ration record, 2:29
 52-60--Active-duty patients transferred to VA hospitals, 2:30
 52-61--Maintenance review of ungraded (non-IVb) positions, 2:30
 Cirrhosis, portal; hepatic, splenic, and left gastric arterial ligations in, 4:12
 Civil Aeronautics Authority certificates, 12:39
 Civilian employees
 chest x-ray program, 4:34
 x-ray films, disposal of, 6:37
 Coccidioidomycosis, pulmonary, 2:6
 Colic, infantile, banthine bromide in, 1:6
 Coma, hypopituitary, 2:2
 Common duct stones, 2:19
 Communicable disease control, 10:29
 Contraception: new antifertility factor, 9:2
 Coronary artery disease, 10:23
 Corticotropin in rabies vaccine therapy complication, 10:16
 Coxsackie virus antibodies in community, 10:25
 Cushing's syndrome, 8:12
 Cytologic smears, pulmonary cancer in, 12:9
 DENTAL amalgam, 9:23
 Dental prosthesis
 rapid polymerization and cementation in denture construction, 3:11
 self-curing acrylics in immediate prosthetic repairs and temporary bridgework, 11:20
 Dentifrices, cleaning effectiveness of, 6:25
 Dentistry
 antibiotics and fungicides in infected pulpless tooth, 6:24
 dentifrices, cleaning effectiveness of, 6:25
 electron microscopy of enamel and dentin, 12:22
 fluid exchange at margins of dental restorations, 9:24
 indirect die stones, surface hardness, compressive strength, and abrasion resistance of, 1:13
 jaw growth and tooth eruption in relation to space maintenance, 10:17
 mixed dentition period, treatment in, 4:11
 oral surgeon's role in unerupted teeth, 3:10
 periodontal disease, 11:20
 resilient plastic interdental splint, 9:22
 roentgen ray cancer of hands in dentists, 4:10
 temperature rise during cavity preparation, 11:19
 Dermatitis, Rhus toxicodendron, zirconium salts in, 5:12
 Dextran and blood, shock in botulism treated with, 9:9
 Diabetes and pregnancy, 6:20
 Dicumarol and tromexan in thromboembolic conditions, 8:18
 Diet, low-sodium content, abuses of in cardiovascular disease, 4:4
 Dihydrostreptomycin with aureomycin or terramycin in brucellosis, 1:16
 Disability evaluation, 11:21
 Discs, herniated lumbar, postoperative analysis, 12:23
 Diuretic studies on 3 new mercurial compounds, 6:10
 Dormison in children, hypnotic effect of, 6:23
 Duodenal ulcer in children, 12:2
 Dupuytren's contracture, 1:2
 associated with Peyronie's disease, 7:23
 Dural defects, repair of with gelatin, 1:4
 EAR
 inner
 allergy of, 3:14
 electrical energy produced in, 3:4
 middle and mastoid, antibiotics in chronic suppuration of, 5:22
 Ectopic pregnancy, early, diagnosis and treatment, 8:23
 EDCU #6 award, 4:33
 EDCU's, redesignation of, 11:32
 Egg membrane for chemical injuries of eye, 12:14
 Electrocardiographic changes during exercise (modified double two-step test), 4:7
 Electroretinography, 4:5
 Embalming: precautions to be observed following use of radioisotopes, 5:24
 Endemic hemorrhagic nephropso-nephritis, 1:17
 Environmental Sanitation Technician Course, 11:37
 Eosinopenic response in acute infections, 4:8
 Epidemic Disease Control Units, see EDCU
 Equipment, National Sanitation Foundation Standards for, 6:39
 Erythromycin, 5:8
 Esophagus, perforations of, 11:15
 Evacuation, Navy air, 8:33
 Exanthema, vesicular, in swine, 4:40
 Exercise, electrocardiographic changes during, 4:7
 Exophthalmos, progressive, surgical treatment of, 6:13
 Exostoses, multiple, hereditary, 5:20
 Eye
 cataract, nonsurgical treatment, 7:25
 chemical injuries, egg membrane for, 12:14
 exophthalmos, progressive, surgical treatment of, 6:13
 ocular damage by microwave irradiations, 3:21
 sclera, lamellar resection of in retinal detachment, 11:17

Eye (continued)

thermal burns of, 6:16

FLIGHT time, 12:39

Fluoridating of communal water supply, 11:25

Folic acid antagonists in leukemia, 10:12

Food

frozen, 4:38

handlers, medical examination of, 11:38

poisoning

in England and Wales, 11:39

and infection on MSTs ships, 9:38

preservation, 11:39

Sanitation Training Certificate, 11:36

Service Training, 11:37

Frostbite, ACTH in, 5:15

Fungicides and antibiotics in infected pulpless tooth, 6:24

G, a student meets, 3:39

Gamma globulin in prevention of acute anterior poliomyelitis, 12:3

Gamma ray generator, 8:27

Gastritis, antral, 8:11

Gastrointestinal system

antral gastritis, 8:11

changes in pneumoperitoneum, 12:22

common duct stones, 2:19

duodenal ulcer in children, 12:2

pancreatitis, recurrent, transduodenal sphincteroplasty for, 12:26

peptic ulcer, massively bleeding, blood replacement and gastric resection for, 9:14

Gelatin

blood volume expansion produced by, 12:21

film, repair of dural defects with, 1:4

Geriatrics

degenerative arthritis in aging, 8:19

incontinence, stress, 4:13

surgical fixation of fractured hip, 12:8

Gingivitis gravidarum, 4:19

Globin, modified, 6:7

Glucose, intravenous, comparative utilization of invert sugar and, 2:7

Gonococcal urethritis, 10:9

Gynecologic surgery, intravenous anesthesia in, 10:13

HAND: primary tendon repair, 10:19

Heat, therapeutic application of, 8:6

Heart

angina pectoris, khellin in, 5:7

aortic septal defect, surgical closure of, 1:3

ballistocardiography in office practice, 1:7

cardiac arrest, 6:8

coronary artery disease, 10:23

coronary thrombosis, 6:4

disease, pronestyl (procaine amide) in, 5:10

electroretinography, 4:5

myocardium: first attack of myocardial infarction, 11:9

pericardium

cysts, 9:13

pericarditis, 1:9

procaine amide (pronestyl), clinical study on the effects of, 2:8

ventricle, left, temporary mechanical substitute for, 9:2

Hemorrhage: tourniquet in controlling, new method, 4:20

Hemorrhagic fever, 1:17

acute, recommended treatment of, 2:22

Hepatitis

infectious, 6:38

viral, 9:10

vitamin B₁₂ in, 7:16

Hernia, abdominal, repair of with steel cloth implant, 12:7

Hexamethonium and apresoline, 12:25

Hip, fractured, surgical fixation of, 12:8

Hyaluronidase: new antifertility factor, 9:2

Hyperhidrosis of hands and feet, treatment of with constant current, 2:15

Hyperparathyroidism, 10:11

Hypopituitary coma, 2:2

IDENTIFICATION tag, Medical Department personnel

no longer responsible for preparation of, 6:31

Impacted teeth, oral surgeon's role in, 3:10

Incidence rates, current, 4:18

Incontinence, stress, 4:13

Induction, military, mental examination in, 6:26

Industrial medicine: disability evaluation, 11:21

Influenza

diagnosis and reporting, 11:5

virus, antibodies against, 11:4

Information for medical and dental officers, 2:21

Inoculations, poliomyelitis and, 1:14

Insecticides, 11:33

chlordane

poisoning, 9:36

use of, 4:35

mosquito resistance to control, 4:36

scheduling of mosquito fogging, 9:36

solvents for thermal fogging, 6:36

Instructions, BuMed

6250.1--Rodenticides, 2:32

5712.1--Mutual Defense Assistance Program policy for hospitalized or disabled trainees, 3:29

5070.1--Armed Forces Medical Library, 3:31

5450.1--Mission of field branch, Bureau of Medicine and Surgery, 3:31

6222.1--Reporting of urethritis, 4:29

6120 --Annual physical examination, 4:30

1770.1--NavMed-609, Report of Disposition and Expenditures--Remains of Dead, 4:30

4440.1--Instructions relative to material to be reported as Equipment, Plant Property Class 3, and material to be carried and accounted for as equipment, 4:30

5605.1--Current list of NavMed publications, 4:31

6710.1--Suspend issue and use of Sulfobromophthalin Sodium Injection, 0.15 cm., 3 cc., 10's, SN1-464-455, 4:31

10490.1--Maintenance and replacement standards for materials handling equipment, 4:32

6820.1--Furnishing of medical and dental periodicals, 4:32

6320.2--Service for poliomyelitis victims, 5:30

6460.1--Cosmetic surgery in cases of asymptomatic heterotropia, 5:30

7302.1--Temporary duty travel costs of Air Force military patients in naval facilities, 5:31

6470.1--Radioactive Isotope Centers, 5:31

6320.3--Medical (maternity) care of dependent

Instructions, BuMed (continued)

- wives of discharged or released members of the naval service, 5:32
- 4210.1--Monetary limitation on local procurement of equipment, 8:31
- 6310.1--Revision of reporting requirement, Morbidity Report (DD Form 442), 8:31
- 6750.1--Dental commissioning allowance list for Naval Reserve Training Centers, 8:31
- 11240.1--Policy and procedures concerning ambulances under BuMed cognizance, 8:32
- 6150.1--Clinical records and x-rays of Navy and Marine Corps personnel or dependents thereof; transfer and retirement of, 9:30
- 6820.3--Books, medical, for Hospital Corps personnel on independent duty, 9:31
- 6020.1--Patients' personal effects, 9:31
- 4600.1--Preembarkation Certificate, DD Form 625, and physical examination for overseas travel of dependents on MSTs vessels and MATS planes, 9:32
- 6150.2--Medical and Health Records, forwarding of upon release or discharge of personnel, 9:32
- 6470.2--Air and breath samples for radon content; collection and shipping of, 10:29
- 11014.1--Civil service maintenance forces, utilization of, 10:30
- 5215.4--Manual of the Medical Department, 10:30
- 6120.2--Physical qualifications of NROTC candidates; corrective measures to improve procedures, 10:30
- 6150.3--Health Records; cross-servicing of within the Armed Services, 10:31
- 6230.1--Immunization requirements and procedures, 10:31
- 7303.1--Allotment reporting under the appropriation, Medical Care, Navy, 10:31
- 6150.5--Requests for Medical and Service Records of personnel whose appearance before physical evaluation boards is anticipated; information concerning, 11:30
- 6270.1--Oxygen cylinders; precautions in storage, handling, and use of, 11:31
- 1551.1--Medical audio-visual training aids, production and procurement of, 11:31
- 6222.2--Venereal disease, prophylactic measures, 11:32
- 6320.4--Hospitalization and subsistence rates for fiscal year 1953, 12:31
- 6820.4--Books, medical and dental; procurement of, 12:31
- 6750.2--Dental outfitting material; procurement procedure, 12:32
- Instructor's Guide--Sanitary Food Service, follow-up on symposia, 6:39
- Invert sugar and glucose, intravenous, comparative utilization of, 2:7
- Iodine, radioactive, in thyroid cancer, 4:2
- ¹³¹I in normal thyroid gland, 11:8
- Irradiation
 - low-dosage, in amenorrhea, 12:13
 - leukemia in survivors of atom bomb in Hiroshima and Nagasaki, Japan, 7:15
- Isoniazid in military and meningeal tuberculosis, 9:6
- JAW growth and tooth eruption in relation to space maintenance, 10:17
- Jejunostomy, Maydl, 8:15

KHELLIN in angina pectoris, 5:7

Kidney, artificial, effectiveness of, 11:22

Korea, rotation policy for Medical Department personnel serving with Marines in, 8:28

Kutapressin

in cystic acne, 9:24

in cystic acne vulgaris, 1:11

LEPTOSPIROSIS in Kodiak and Aleutian Islands, 9:34

Leukemia

folic acid antagonists in, 10:12

in survivors of atom bomb in Hiroshima and Nagasaki, Japan, 7:15

Liberian Institute, Director for, 4:16

Lingular disease, 5:21

Liver, enlargement of following whole body x-irradiation, 3:24

Lobectomy in pulmonary tuberculosis, 10:20

Lumbar discs, herniated, postoperative analysis, 12:23

Lung

lingular disease, 5:21

miliary diseases of, 3:5

modified thoracoplasty performed with pulmonary resection, 8:13

pneumothorax, artificial, induction of by lung puncture, 2:14

pulmonary cancer in cytologic smears, 12:9

pulmonary cavitation with negative sputum, 11:33

pulmonary coccidioidomycosis, 2:6

retroperitoneal pneumography by injection of oxygen into presacral space, 8:10

MALAKOPLAKIA of urinary bladder, 11:24

Mastoid and middle ear, antibiotics in chronic suppuration of, 5:22

Medical military symposium, third annual, 5:26

Medico-military symposium, 5:26

Melanoma of spinal cord, 5:18

Menadione bisulfite and ascorbic acid in nausea and vomiting of pregnancy, 6:22

Menière's disease, 3:14

Meningitis

Hemophilus influenzae, 1:16

tuberculous, antibiotic therapy in, 1:16

Meningo-encephalitis, torular, 3:6

Menstruation

amenorrhea, low-dosage irradiation in, 12:13

obesity in menstrual disturbances, 3:10

simple, delayed; stigmonene bromide in, 9:20

Mental examination in military induction, 6:26

Mercurial compounds, clinical diuretic studies on, 6:10

Methemoglobinemia, 4:3

Methylene chloride vapor, fatal exposure to, 5:12

Microwave irradiations, ocular damage by, 3:21

Military diseases of lung, 3:5

Military Surgeons, Association of, annual meeting, 6:27

Milk sanitation, 4:39

Morbidity, current, 12:17

Mosquito fogging, scheduling of, 9:36

Mosquito resistance to DDT control, 4:36

Myocardial infarction, first attack, 11:9

NAVCAD Selection Tests, 12:39

Navmed P-1328, 3:28

P-1333, 7:28

P-5002, 9:36

P-5003, 9:36

Nephritis, salt-losing, 7:11

Nephrosis

- acute toxic, 7:13
- thyroid function in, 6:6

Nephroso-nephritis, endemic hemorrhagic, 1:17

Nerve gas, chief characteristics of, 7:3

Newcastle disease virus in man, 12:9

Notices, BuMed

CP275--Industrial Relations Institute, 2:31

1000--Listing of Priority Two Reserve medical officers, 2:31

5215--Manual of Medical Department, 1945 revision, 3:28

6010--Length of patient stay, 3:29

6470--Calibration curve for Photodosimetry Program, 3:31

5215--Cancellation of several BuMed Circular Letters, 3:32

6150--Revision of register of patients (NavMed HF-39), 4:29

6150--Clinical records and x-rays of beneficiaries of Veterans Administration patients, 6:32

12275--Industrial Relations Institute; schedule for second half of F. Y. 1953, 6:32

5215--Cancellation of BuMed Circular Letters, 7:31

7250--Report of Status of the Account, Suspense, Navy, 7:32

5215--Numerical check list for BuMed Instructions and notices having a limited distribution, 8:32

6130--Clinical boards; processing time of, 9:30

6020--Forms NavMed-G (Hospital Ticket) and NavMed-416 (Hospital Ticket-women); cancellation of, 9:31

6200--Preventive Medicine Reports, 9:32

6710--Typhus vaccine, 20 cc.; SN1-617-650; suspend issue and use of, 11:30

5215--Joint letters; cancellation of several, 11:30

5215--BuMed Circular Letters, cancellation of several, 12:31

Notices, BuPers

1926--Extensions of Medical and Dental Officers, USNR, 3:22

Notices, SecNav

10110--Ration values; cancellation of ALNAV concerning, 3:30

OBESITY, 10:2

- emotional satisfaction needed when reducing, 10:6
- in menstrual disturbances, 3:10

Obstetrics

gingivitis gravidarum, 4:19

postmortem cesarean section, 4:17

uterine action, inefficient, 6:17

Obstetric surgery, intravenous anesthesia in, 10:13

Ocular damage by microwave irradiation, 3:21

Operation aviation medicine, 3:33

PANCREATITIS, recurrent, transduodenal sphincteroplasty for, 12:26

Para-aminosalicylic acid concentrations in blood, probenecid (benemid) in, 4:6

Paratyphoid (Salmonella) in Bay region of California, 5:13

Pectus excavatum, 7:22

Pediatrics

acanthrocytosis, 1:10

dormison in children, hypnotic effect, 6:23

duodenal ulcer in children, 12:2

hereditary multiple exostoses, 5:20

infantile colic and vomiting, banthine bromide in, 1:6

intraspinous tumors resembling anterior poliomyelitis, 7:21

leukemia, folic acid antagonists in, 10:12

pectus excavatum, 7:22

scoliosis, congenital, 6:12

spina bifida, 3:18

stuttering, prophylactic programs for its control, 7:18

wringer-arm injuries, 12:4

Peptic ulcer, massively bleeding, blood replacement and gastric resection for, 9:14

Pericardial cysts, 9:13

Pericarditis, 1:9

Periodontal disease, 11:20

Peyronie's disease associated with Dupuytren's contracture, 7:23

Pheochromocytoma, 5:16

Phonocardiography: electrostethography, 4:5

Pitocin, induction of premature labor with, in patients with toxemia of pregnancy, 8:21

Placental serum, preparation and use of, 11:10

Plasma

blood volume expansion produced by, 12:21

expanders, retention following 1,000 cc. hemorrhage, 5:9

extenders, modified globin, 6:7

Pneumography, retroperitoneal, by injection of oxygen into presacral space, 8:10

Pneumoperitoneum, gastrointestinal changes in, 12:22

Pneumothorax, artificial, induction of by lung puncture, 2:14

Poisoning

alcohol, wood, 9:12

cadmium, 11:39

carbon monoxide, 11:23

carbon tetrachloride, 3:15

chlordane, 9:36

food, see Food

storing organs in fatal cases of, 8:25

Poisons, common, pathologic findings in patients dead of, 2:10

Poliomyelitis

acute anterior, gamma globulin in prevention of, 12:3

anterior, intraspinal tumors resembling, 7:21

bulbar, 6:3

inoculations and, 1:14

Pollution, air, 12:17

Polycin, polymyxin-bacitracin ointment, clinical experience with, 3:12

Polymyxin-bacitracin ointment, clinical experience with "polycin", 3:12

Postmortem cesarean section, 4:17

Pregnancy

and diabetes, 6:20

diagnosis of, stigmonene bromide in, 9:20

ectopic, early, diagnosis and treatment, 8:23

gingivitis gravidarum, 4:19

nausea and vomiting of, menadione bisulfite and ascorbic acid in, 6:22

toxemia, induction of premature labor with pitocin in patients with, 8:21

- Premedical training, proposed changes in, 3:24
 Preventive Medicine Conference
 District, 4:33
 Navy, 6:33; 9:33
 Preventive Medicine Section, 4:33; 6:33; 9:33; 11:32
 Probenecid (Benemid) in para-aminosalicylic acid concentrations in blood, 4:6
 Procaine amide (pronestyl)
 in heart disease, clinical study on effects of, 2:8
 intramuscular use of, 5:10
 Prostitution, legalized, case against, 11:36
 Pulmonary cavitation with negative sputum, 11:33
 Pulmonary resection with modified thoracoplasty, 8:13

 RABIES vaccine therapy complication, corticotropin in, 10:16
 Radiation sickness, clinical study, 4:9
 Radioactive iodine in thyroid cancer, 4:2
 Radioactive waste, how to get rid of, 10:15
 Radioisotopes, precautions to be observed in autopsy and embalming, 5:24
 Recreation
 boxing, occupational hazards of, 7:8
 resilient plastic interdental splint, 9:22
 serious recurrent injuries of athletes, 9:15
 Red cells, transfused, survival in frozen state, 8:2
 Red cell mass in rheumatoid disease, 1:12
 Regular Navy, measures to attract doctors and dentists to, 11:3
 Renal failure, acute progressive unrelenting, 3:19
 Research, clinical, in naval hospitals, 3:2
 Reserve officer, naval, facts concerning, 4:23
 Retinal detachment, lamellar resection of sclera in, 11:17
 Rheumatoid disease
 butazolidin in, 3:8
 red cell mass in, 1:12
 Rhus toxicodendron dermatitis, zirconium salts in, 5:12
 Roentgen ray cancer of hands in dentists, 4:10
 Rotation policy for Medical Department personnel serving with Marines in Korea, 8:28

 SALMONELLA cultures, serologic identification of, 5:25
 Salmonella (paratyphoid) in Bay region of California, 5:13
 Sanitation
 environmental, 11:38
 instruction aboard ship, 9:37
 milk, 4:39
 Sclera, lamellar resection of in retinal detachment, 11:17
 Scoliosis, congenital, 6:12
 Sea water in drinking water, test for, 9:39
 Serum albumin, blood volume expansion produced by, 12:21
 17D yellow fever vaccine and vaccinia, vaccination by scarification with, 8:5
 Sex-hygiene instructors, training package for, 9:37
 SF-88, 12:38
 defects noted, 3:38; 12:38
 Shock in botulism treated with dextran and blood, 9:9
 Shoulder dislocation, recurrent, exercises following Bankart operation for, 2:12
 Skin
 acne, cystic, kutapressin in, 9:24
 acne, cystic vulgaris, kutapressin in, 1:11
 grafting
 burns, ACTH in, 2:17
 split-thickness, of amputation stumps, 7:6
 Rhus toxicodendron dermatitis, zirconium salts in, 5:12
 Smallpox vaccination
 compulsory, 11:6
 effectiveness, 4:34
 by scarification with a combined 17D yellow fever and vaccinia vaccine, 8:5
 Socialized medicine: British National Health Service, 10:7
 Sphincteroplasty, transduodenal, for recurrent pancreatitis, 12:26
 Spina bifida, 3:18
 Spinal cord, melanoma of, 5:19
 Spleen, accessory, thorium dioxide sol (thorotrast) in roentgenologic demonstration of, 6:11
 Steel cloth implant in repair of abdominal hernia, 12:7
 Stigmonene bromide in diagnosis of early pregnancy and in treatment of simple delayed menstruation, 9:20
 Stones, common duct, 2:19
 Stones, ureteral, 4:14
 Storing organs in cases of fatal poisoning, 8:25
 Streptodornase and streptokinase in primary closure of posterior wounds, 2:4
 Streptomycin and terramycin in pulmonary tuberculosis, 10:22
 Stress incontinence, 4:13
 Stuttering, prophylactic programs for its control, 7:18
 Succinylcholine, 2:16; 10:14
 Sugar and glucose, invert, intravenous, comparative utilization of, 2:7
 Surgery
 aortic septal defect, surgical closure of, 1:3
 of autonomic nervous system, 3:17
 of carcinoma of hypopharynx, larynx, and upper esophagus, 7:7
 esophageal perforations, 11:15
 exophthalmos, surgical treatment of, 6:13
 hernia, abdominal, repair of with steel cloth implant, 12:7
 hip, fractured, 12:8
 jejunostomy, Maydl, 8:15
 obstetric and gynecologic, intravenous anesthesia in, 10:13
 posterior wounds, streptokinase and streptodornase in primary closure of, 2:4
 sclera, lamellar resection of in retinal detachment, 11:17
 sphincteroplasty, transduodenal, for recurrent pancreatitis, 12:26
 tendon repair, primary, 10:19
 of trauma, 11:16
 Swimmer's itch, 6:37
 Syphilis
 unnecessary retreatment of, 9:27
 V. D. R. L. slide flocculation test for, 12:15

 TENDON repair, primary, 10:19
 Terramycin
 with dihydrostreptomycin in brucellosis, 1:16
 molecular structure of, 6:31
 and streptomycin in pulmonary tuberculosis, 10:22
 Thoracoplasty, modified, with pulmonary resection, 8:13
 Thorium dioxide sol, see Thorotrast
 Thorotrast
 in roentgenologic demonstration of accessory

- Thorotrast (continued)
 spleens, 6:11
 use of, 11:13
 Thromboembolic conditions, tromexan and dicumarol in, 8:18
 Thromboplastin ampuls withdrawn, 9:26
 Thrombosis, coronary, 6:4
 Thyroid
 cancer, treatment with radioactive iodine, 4:2
 function in nephrosis, 6:6
 normal, ^{131}I in, 11:8
 Torular meningo-encephalitis, 3:6
 Tourniquet, new method of in controlling hemorrhage, 4:20
 Training
 amphibious medicine, 4:22
 aviation medicine, 1:20; 7:27
 courses offered by Armed Forces Institute of Pathology, 3:25
 epidemiology and industrial medicine, 2:27
 field medicine, 4:21
 films in, 9:37
 medico-military training program, 12:27
 malariaology and insect control, 3:32; 11:26
 medical basic sciences, 1:15
 opportunities for MSC and HC officers, 2:20
 physical medicine, 4:22
 radioisotopes in research, 5:25
 special weapons and radioactive isotopes, 1:19; 7:27
 training package for sex-hygiene instructors, 9:37
 VD contact interviewer's training program, 4:37
 Transtracheal anesthesia, complications following, 2:12
 Trauma, surgery of, 11:16
 Travel, value of, 12:5
 Triethylene melamine in clinical chemotherapy, 9:17
 Tromexan and dicumarol in thromboembolic conditions, 8:18
 Tuberculosis
 meningeal and miliary, isoniazid in, 9:6
 pulmonary
 lobectomy, 10:20
 terramycin and streptomycin in, 10:22
 tuberculous infection and tuberculin matriculation, 7:10
 Tuberculous meningitis, antibiotic therapy in, 1:9
 Tumors, intraspinal, in children resembling anterior poliomyelitis, 7:21
 URETERAL stone, 4:14
 Urethritis, gonococcal, 10:9
 Uterine action, inefficient, 6:17
 VACCINATION
 scarification with a combined 17D yellow fever and vaccinia vaccine, 8:5
 smallpox
 compulsory, 11:6
 effectiveness of, 4:34
 Vasoconstrictors
 kutapressin
 in cystic acne, 9:24
 in cystic acne vulgaris, 1:11
 Venereal disease
 contact interviewer's training program, 4:37
 "critical" versus "incubation" period in VD contact reporting, 9:33
 educational posters, 6:39
 gonococcal urethritis, 10:9
 legalized prostitution, case against, 11:36
 syphilis
 unnecessary retreatment of, 9:27
 V. D. R. L. slide flocculation test for, 12:15
 training package for sex-hygiene instructors, 9:37
 Ventricle, left, temporary mechanical substitute for, 9:2
 Vesicular exanthema in swine, 4:40
 Vitamin B₁₂ in viral hepatitis, 7:16
 Vomiting, infantile, bantnine bromide in, 1:6
 WARFARIN, 2:32
 Warship construction and habitability, 12:19
 War wounds of chest, 11:14
 Water
 samples, collection of, 9:40
 supply, communal, fluoridating of, 11:25
 test for sea water in drinking water, 9:39
 Wood alcohol poisoning, 9:12
 Wounds, war, of chest, 11:14
 Wringer-arm injuries, 12:4
 X-IRRADIATION, whole body, enlargement of liver following, 3:24
 X-ray films for civilian employees, disposal of, 6:37
 X-ray program for civilian employees, 4:34
 ZIRCONIUM salts in Rhus toxicodendron dermatitis, 5:12

Permit No. 1048

OFFICIAL BUSINESS

WASHINGTON 25, D. C.
